

Is Your Child Suffering with ALLERGIES ?

by
Dr. Patricia Cohen

The list of allergic symptoms is almost endless: can't breathe, runny nose, dry cough, pounding headache, itchy throat and eyes, asthma, hyperactivity, ADD, psoriasis, hives, even stomach cramps or IBS. You may have already been to your internist, your allergist, even an ENT to help you through those days, but the only solutions they can offer your child is drugs, drugs and more drugs. .

If I told you that there is a new technology capable of decreasing, even eliminating, allergy symptoms and stress without drugs or injections, you might be pessimistic and not believe that this could be true. As a doctor, my personal commitment is to help people heal and educate my community on the various modalities available to help them in their quest to achieve optimal health. The latest computerized technology, the FDA cleared BAX AURA system, utilizes a combination of applied kinesiology, biofeed back, acupuncture meridian therapy, homeopathic remedies, and induction cold laser to identify and then reduce or eliminate your child's stress reactions to substances like animals, pollens, foods, perfumes, etc. **All Allergy Symptoms Are Stress Reactions.** They are the body's **Inappropriate Response** to something in the environment.

The Bax Aura therapy system is a **safe, effective, painless and drug-free solution** for adults as well as children. **NO NEEDLES & NO DRUGS!!!** This unique approach to wellness is based on proven and accepted science. **The Bax Aura is the ONLY system with FDA clearances for pain, inflammation and allergy related conditions.**

With this customized care, patients have been experiencing tremendous outcomes, and report reduction and more commonly, the elimination of symptoms related to allergies and a host of other stress related conditions. So instead of just simply suppressing symptoms temporarily with medication and over the counter drugs, this system addresses the root of the problem.

This state-of-the-art technology is available to help you, your child or someone else you care about, live in harmony with the environment at A Wellness Center by Dr. Patricia Cohen at 770-966-8000.
